

Rich Thomas

SVP and President, Branch Operations, AIC

Rich Thomas is the SVP and President of Branch Operations at Analysts International Corporation (AIC) where he is responsible for corporate strategy and field operations. He is a veteran of the professional services and staffing industry, and brings more than 20 years of experience in leadership development, sales management, sales, and operational management – including experience with start-up, turnaround, and integration management.

Prior to joining the AIC team, Rich was the Vice President and General Manager, North America, for Experis, a leader in professional services and staffing. Rich has also served in various leadership roles within Spherion Technology, a multi-billion dollar IT staffing and services company. Rich began his career in New Jersey with Matrix Information Consulting, Inc.

Rich holds a Master's of Business Administration in International Business from Johnson & Wales University. As a recognized leader in the professional services space, Rich brings a unique blend of strategic leadership, hands-on experience, and a focus on building the strongest teams aimed at helping our clients win.
